

THE ULTIMATE SCHOOL EVENT PLANNER

We expected our son to kill some time on the obstacles and he left with so much more; he gained confidence, learned not to give up, and practiced the power of teamwork.

STEP **OUTSIDE** CLASS AND SWING INTO **ADVENTURE!**

Tree To Tree Adventure Course in Cape May New Jersey is an effective way to feed your classroom's motivation. Our courses become the classroom. Our obstacle environment encourages them to use their knowledge and physical capabilities. Here's how:

1 The environment is unique, different, fun. It gets everyone working together, helping each other, laughing together.

2 Getting students outside and moving offers a great opportunity to shake up the learning platform.

3 Engage all their senses, challenge their mind and body, and get them thinking more creatively for problem-solving.

4 Break down barriers through the self-confidence that comes from conquering a course.

5 Expose both children and teens to strong team-building exercises, as well as leadership skills.

6 Encourage goal setting with everyone involved, and watch as they thrive on a job well done at the end of the day!

Support for Individuals with Special Needs

In most cases, we can offer one-on-one support for any student with special needs. Please mention it when we begin planning your field trip, and we'll offer you all the details.

Let's talk about food!

Everyone is welcomed to bring their own food, snacks, and drinks. Or ask us about catering options: there are local restaurants who are happy to deliver.

Visit the ZOO

While you're here, don't forget to schedule in some time to take your classroom around the free Cape May County Park & Zoo - A great way to teach your classroom about animal behaviors, how they adapt to their surroundings, diets and eating habits, eco systems, among many others. The zoo also has a wonderful education department that would be thrilled to discuss educational programming that they offer, including zookeeper talks and private tours. For more information about educational programming please contact the Education Department at 609-465-6832 or education@cmczoo.com.

Did you know...

There are unlimited ways you can build a trip to the Adventure Park into your lesson Plan?

Here are some ways you can get creative with this field trip:

Physical Education

It's easy to spark their interest in subjects like fitness, health, physiology, and what the human body is capable of when you can get them moving. Explore everything from strength, stamina, heart rates, and more.

Science

Miss Frizzle and the Magic School Bus doesn't have anything on you; teach them about geology, physics, biology, anatomy, botany, biomechanics...and they's enjoy this hands-on and "in the field" approach.

Outdoor Recreational Interests

From an introduction to outdoor program planning, to thinking about the role of sports and leisure activities in society these days.

Conservation

Lead a program that will inspire your class to take action for the things they are about. Discuss how to leave no trace, the role between conservation and tourism-based activities, how to develop a conservations program proposal...that's just the tip of the iceberg.

How does the zoo add to our opportunity:

English, Math, History...there are so many ways you can turn this valuable field trip into a valuable lesson while having fun!

Fantastic experience for my children who range in ages from 15-10! Guides did a wonderful job with preparing the kids to be successful on the course and gave gentle guidance along the course when needed. It was amazing to watch your children work through the course. It was both a physical and mental challenge for them! Thanks again staff at the Tree to Tree Idaho. Highlight of our trip for your kids.

Think Outside The Box With Your Class

Consider an evening trip!

Our night climbs can be a thrilling spin on the usual school field trip.

Want to pair the Adventure Park with other learning experiences?

Are there other local education program providers you'd like to bring in to your field trip? We can help you arrange this (ie: animal encounters, special guest speakers, etc.) – just let us know how we can help you make your day at the Adventure Park amazing.

We're here to help you make this day with your class a huge success!

Give us a call and let's discuss your goals, needs, and hopes for making this an awesome experience all around.

A photograph showing a person in a red shirt and dark shorts climbing a rope structure in a forest. The person is suspended in the air, holding onto a rope. The background is filled with tall, thin trees and green foliage, suggesting a forest setting. The lighting is bright, indicating daytime.

AMAZING! Brought 3 grandsons – one 11, two 9. Oldest did adult course and Black Course (loves heights, very athletic, big for age). Younger ones did shorter course which was still challenging. Five star day! Guides very patient and caring. Oldest had one on one attention up in the tree tops. Rustic setting. A true adventure. All 3 came in tentative and left with a new found confidence. Great addition for “must things” to see and do in Idaho. Not kids play – adult course challenging enough for any age. Ziplines great but only part of the challenge. Thank you for bringing Tree to Tree to us. A change from typical sports teams atmosphere. You're up there with only a harness and yourself to depend on.

Preparation Checklist

To get things ready...

- Will you be building this field trip into your lesson plan? Determine what you'll need to make it fun and successful.**
Think about any items you may need to bring along. Please discuss this with us when you are ready to make your reservation.
- Send this PDF to the decision-maker for your school.**
We are available to answer any questions anyone on your team may have.
- Once you have approval, pick a date and call us to make the reservation.**
Remember that some of the more popular times for schools (like 9 AM) fill up really fast, so you'll want to get the approval and reservation made as early in the year as possible.
- Prepare the communication to parents: we have waivers that must be completed by a parent or guardian before arrival.**
This waiver is available through a unique link we'll send to you at the time of booking, and can be filled out easily by parents online.

And when you get to the park...

- Park in our unloading zone, near our Park Store, to let us know you're here and unload the students.**
- Set up your reserved picnic table and area.**
- Get ready to have a blast!**

"I'm not ashamed to say that I found myself wiping away tears as my 6th grade class rallied in support of one of their fellow students finishing the course. This student was on the spectrum for autism, and I had never before seen the class so focused on his success. It was powerful!"
